Time: Conference Sessions are 9:00 am - 4:00 pm; Registration is 8:15 am - 8:55 am

The Washington State Environmental Health Association, in cooperation with your local health jurisdiction, is pleased to announce the 34th Annual Swimming Pool and Spa Conference. We encourage everyone who operates a pool or spa to participate in this

Agenda:

Swimming Pool and Spa Chemistry

Come to our most popular session! It covers pH, disinfection, alkalinity, hardness, TDS and corrosion control with a brief section on pool testing.

Spas, Wading Pools and Recirculating Spray Features:

Discuss health and safety issues unique to these types of facilities and maintenance issues.

Pool Equipment Operation: Pumps, Motors, and Filters

Explore the operation and maintenance of your mechanical room equipment, pool components. And seasonal care.

Pool Inspection Process and Assessment

How health departments view pool facilities. A walk through the inspection process. What is being reviewed and key elements of concern.

Registration Fee: \$50.00 per person. This fee includes a *Pool Operator's Manual*
